

DIRECT CREMATION SERVICE

EAVES FUNERAL SERVICE LTD.

Our *Direct Cremation* option allows for a simple, straightforward cremation service that removes much of the worry from you at an already difficult time.

Also referred to as an 'unattended cremation', it is where a cremation takes place without a service – this could be separate from a service you decide to hold yourselves before or after the cremation, or simply a cremation with no service whatsoever.

Direct Cremation is our most basic service. This involves bringing the deceased in to our care, provision of our simplest coffin and care of the deceased. On a day and time of our choosing, we will transport the deceased to a crematorium of our choosing for the cremation to take place. The cremated remains will be strewn in the crematorium grounds, or returned to the applicant, if preferred. This is a non-attendance cremation, mourners are not permitted to attend or request music. Perfect where cremation only is required.

The basic price is £1,395. Doctors fees for completion of cremation forms (if required, £82/doctor) are in addition to this price. Full advance payment is required for this package.

Optional extras are as follows:

· Embalming_____	£200
· Alternative ashes container_____	from £35
