

In August 2015, we signed the Fair Funerals Pledge, becoming the first Funeral Director in Cumbria to do so. The pledge is a commitment to the following:

1. We recognise funerals can be expensive and many people struggle with the cost.
2. We help people to find funerals that are within their means.
3. We will be open about our most affordable options: in initial conversations, within our price lists and on our website (including third party costs).

Although we have always adhered to each of the above for some time, we feel it is important to show our support for the campaign, which has the aim of ending funeral poverty.
